I．What is Inkstone?
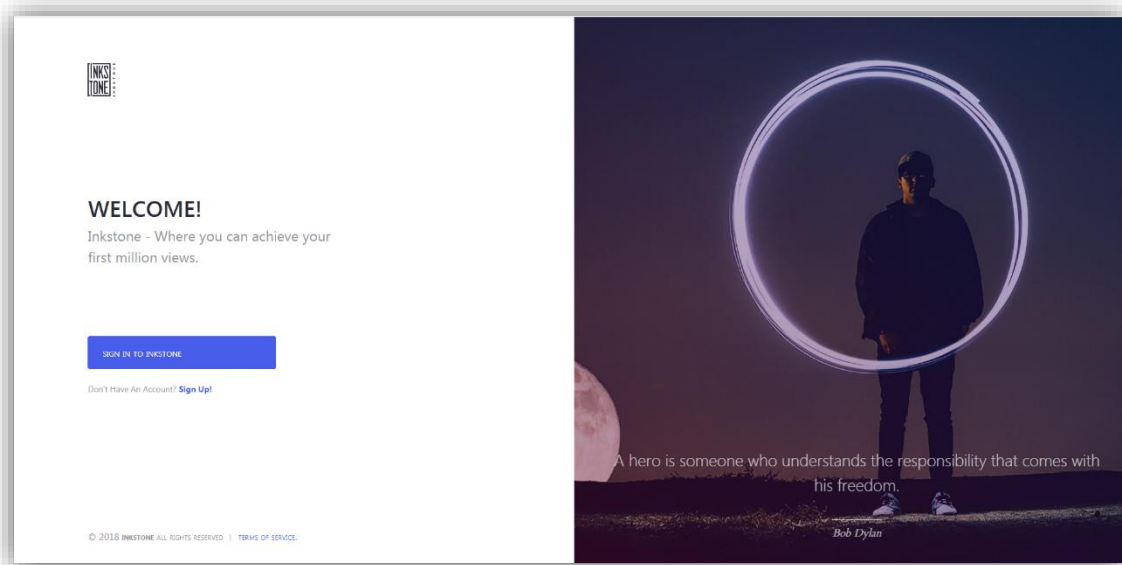

This is an immersive and positive space where writers can create, edit and promote their stories. (https://inkstone.webnovel.com/)

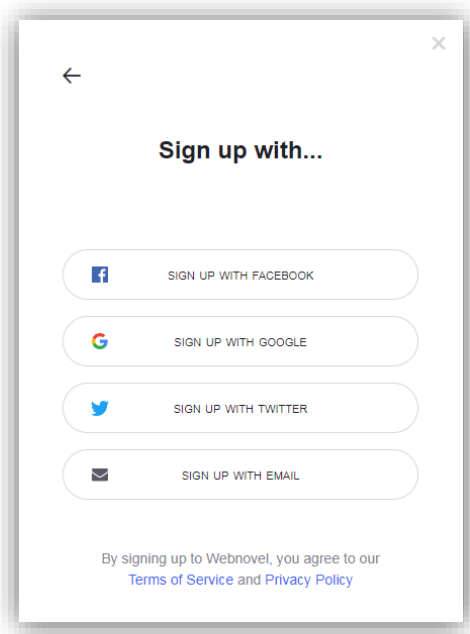

II．Where can I find it?

Inkstone. (https://inkstone.webnovel.com/)

On the top of Webnovel (https://www.webnovel.com/), Click "Create."
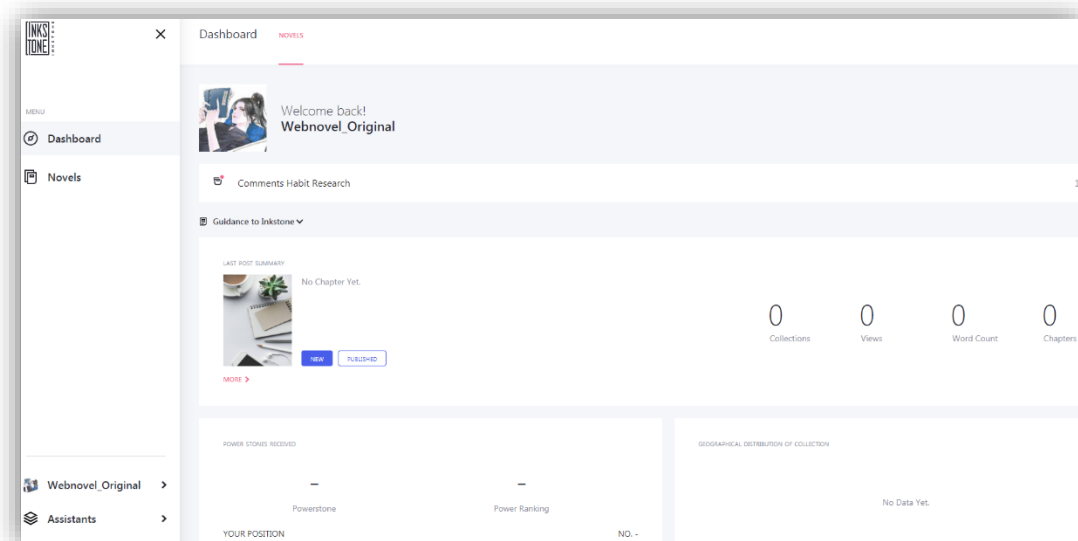

III. How can I login?

If you have an account of Webnovel, you can use the Inkstone straight away. If you don't have an account, you can sign up with Facebook, Google, Twitter or Email.

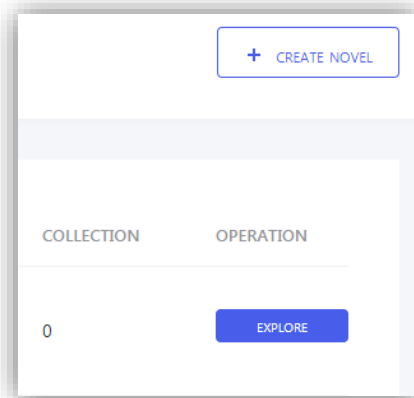

IV. Menu: Dashboard

Here you can check news and information of your novels (collections, views, word count, chapters, power stones, geographical distribution of collection, etc).
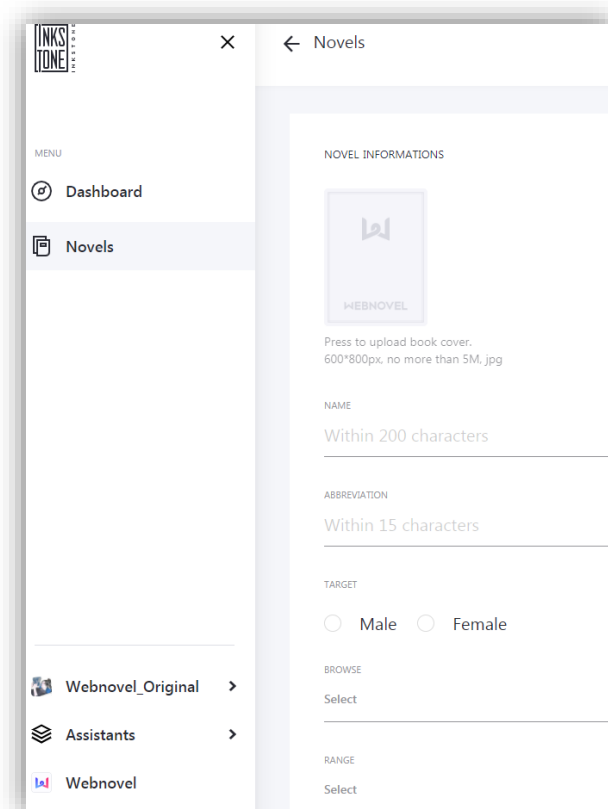

V. Menu: Novels

1. Click "Create Novel" to start a new book.

First, upload a book cover for your novel. **Pay attention to the format (600*800px.)**
Then, complete the basic information of your project.

Some items are optional, e.g. "range." You can just keep it as "select."

2. (1) **Volume**: Choose the volume. Chapters of Volume000 would come first.

(2) **Title**: Choose a click-bait title for your chapter!

(3) **Author's thought**: You can also add author's thought.

(4) **Save**: Don't forget to save your work as a draft after editing it.

(5) **Publish**: You can publish your work after you finish editing it. After you publish the drafts, your novels will be seen.

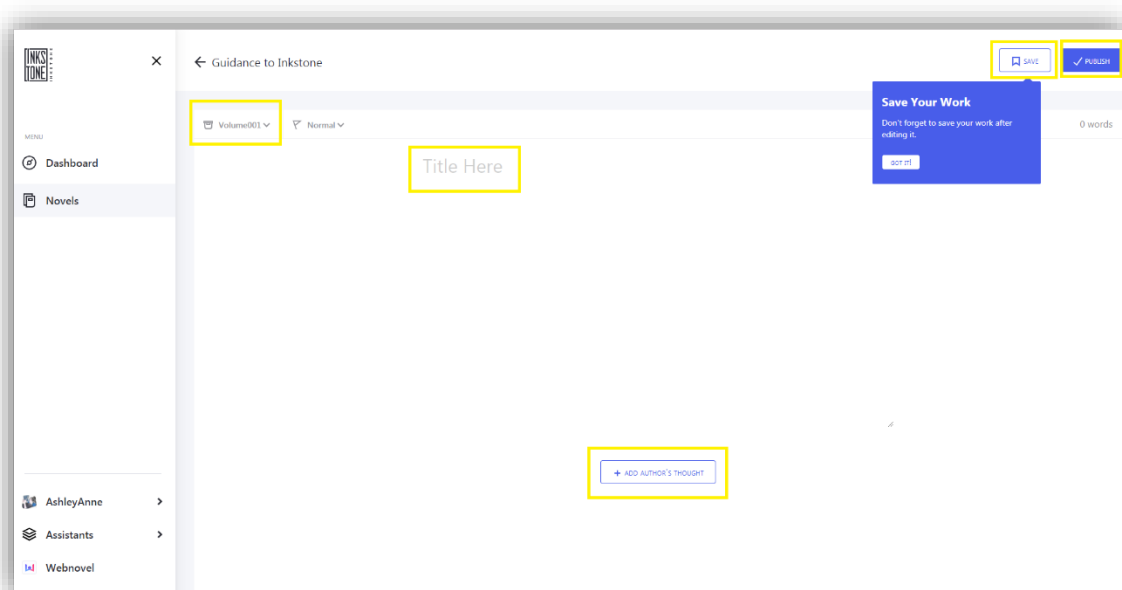

3. Back to "Menu: Novels": You can see all the drafts, published chapters and trash. Click "Novel Settings" if you want to change the setting.
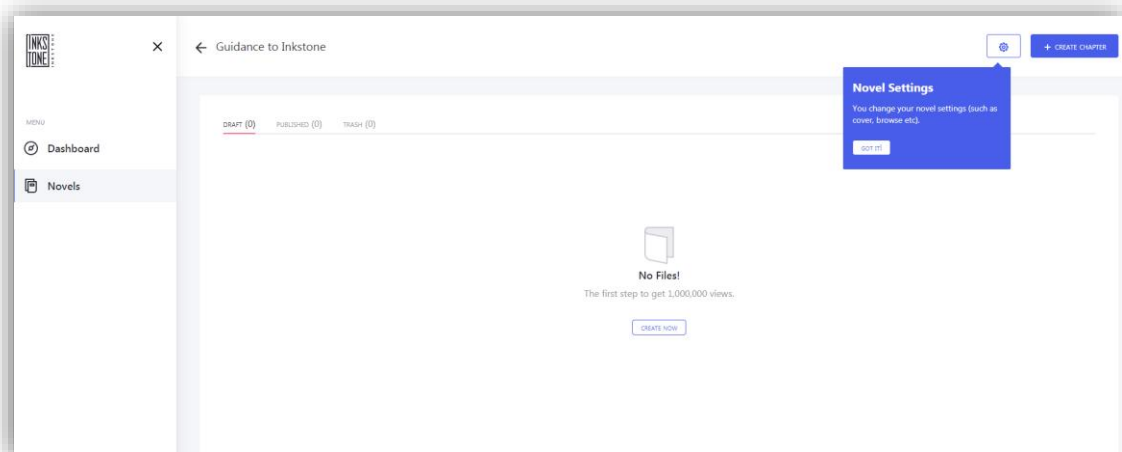

VI. Account: Settings

1. Leave your email address that can receive auto-notifications from Inkstone.
2. Personal information can be updated here.
3. Contract writers must update their bank account information here so that they can receive payment in future.
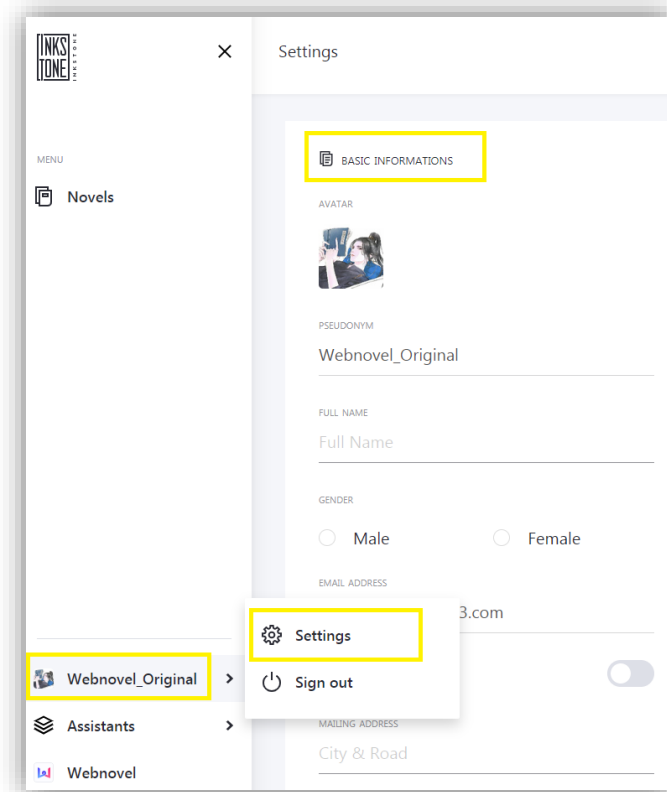

VII．Assistants:

1. Basic Q&A could be found in "Help Center."
2. You can get some writing tips in "Book of Authors."
3. You can also join our Discord "Webnovel Writers Group" and find fellow Daoists there!
